To all Authorized Employers and Community Peace Officers:

**Re: Temporary Extension of Expiring Motor Vehicle Documents**

The Registrar of Motor Vehicle Services has enacted section 75.1 of the *Operator Licensing and Vehicle Control Regulation, Alta Regulation 320/2002*. This is to assist the residents of Alberta who may encounter difficulties renewing their drivers' licence, vehicle registration, or any motor vehicle document prescribed by the Regulation.

Essentially, Albertans with expiring driver's licences and/or vehicle registrations have until May 15, 2020 to renew these documents. Specifically:

- Motor vehicle documents that expire March 17, 2020 through to May 14, 2020 are hereby extended, and remain subsisting and valid until midnight on **May 15, 2020**.
- Motor vehicle documents include driver's licence, identification card and vehicle registration(s), or any motor vehicle document prescribed by the Regulation.

The Office of the Registrar of Motor Vehicle Services appreciates your assistance to ensure that notification be provided to all law enforcement agencies within the Province of Alberta.

Thank you.

Sincerely,

Sean Bonneteau, CD
