The program is an eight day intensive course that includes Tactical Communication, Use of Force, Control Tactics as well as two days of Reality Based Training Scenarios.

Courses are offered to authorized employers for a fixed fee that is based on class sizes of either 1 to 6 or 7 to 12 students. Classes with greater than 6 students will require a second instructor and are capped at 12 students. Course cost is below:

- 1-6 students - \$2,997/day (Total \$23,976 plus applicable taxes)
- 7-12 students - \$4,497/day (Total \$35,976 plus applicable taxes)

If you are able to host or has infrastructure to host please contact Jessica Childs at Setcan directly to book a course via email jchilds@setcan.com or phone toll free at 866-353-5055. Setcan will send you a Course Host Questionnaire that will include your preferred dates, primary point of contact, location, host agency responsibilities, etc. Once a date is finalized, Setcan will send the host Agency a course registration form for students to complete and return to Setcan.

Dates and locations will be sent out in another Bulletin and put on the AMEA and AACPO websites.

Please note the Peace Officer Program and JSG Training Academy are well aware of the travel and training restriction in place due to COVID-19 pandemic and therefore this Bulletin is strictly for information at this time. Thank you.
